The Beauty of Norway

Before traveling to Norway, all I had heard about this high-latitude¹ country was its abundance² of natural resources³, how extremely⁴ difficult it was to travel there on a budget⁵, and, of course, Viking folklore⁶. It wasn't until I broadened⁷ my horizons by visiting Norway that I realized there's much more to tell about this country.

One thing that isn't to be missed is the popular sightseeing⁸ trip "Norway in a Nutshell". This tour, which can be arranged online, lets travelers⁹ take in¹⁰ magnificent¹¹ sights. Ferrying¹² inland¹³ along the fjords¹⁴, visitors will be amazed by the steep¹⁵, awe-inspiring¹⁶ cliffs¹⁷ cut out by glaciers¹⁸. Green trees grow on the sides of mountains capped with white snow, where flowing waterfalls can sometimes be spotted. The boats pass by several small, rural¹⁹ villages and farms located on the banks, showing what civilization²⁰ is like in this isolated²¹, heavenly²² world. In a nutshell, the tour will make you see why visiting Norway is worth the expense.
